Where are the Robots?

https://jupiter.challenges.picoctf.org/problem/36474/robots.txt
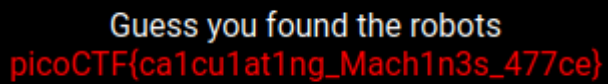

Based on the title, I immediately checked for the robots.txt file on the server

Then the server showed

```
User-agent: *
Disallow: /477ce.html
```

I then checked for the disallowed page, it is the one the devs don't want web crawlers going to

There, the flag was displayed on the webpage
